How to Jailbreak WP8.1 Devices
==========

About

You need to jailbreak your LUMIA to deploy any applications to Windows Phone 8.1 devices nowadays.

Both the Store and developer registration services are dead now.

Supported devices

Every NOKIA or MICROSOFT LUMIA device.

OTHER-OEMs like the HTC, SAMSUNG devices aren't supported to follow this guide.

#Special Guides

There is one specific LUMIA model which fails to unlock with usual Jailbreak guide, and that is LUMIA 535.

For that model, we have a special guide with special procedure to jailbreak it.

Happy Jailbreaking!!
